WILL ASK BOARD TO RESTORE ATHLETICS

High School Boys Prepare a Petition for Monday's Board Meeting.

High school students have prepared a petition for presentation to the school board at its meeting next Monday night asking that athletics be resumed in the schools. In their petition they apologize for their action in taking a holiday following the Thanksgiving game and state that they are willing to take their punishment and find no fault with the teachers for meeting out just punishment, but they want athletics resumed. This is signed by nearly all of the students, both boys and girls, and was given through regular channels to superintendent N. R. Crozier for presentation to the school board. It was approved by principal R. White, of the High School.

One of the boys stated that if the petition is granted, and they hope it will be, no games of any sort will be played with the Military Institute. The punishment given the boys is being made lighter than at first. Instead of working examples they are merely required to remain in the school and study until 5 o'clock each evening, and as one boy put it, "We are getting off deucedly easy."

LICENSE TOO HIGH AND ONLY SALOON CLOSING.
Roswell, N. M., Dec. 2.—When the town board of Dexter, 18 miles southeast of Roswell, on the Eastern railway, raised the saloon license so that with the government and territorial licenses it reached the sum of \$1200 per year, H. T. Elrick, the owner of the only saloon in the town, decided he did not want to do business there and closed his saloon when his license expired.

RETURNS WHAT HE WAS UNABLE TO USE

Reed Gets Railroad Ticket and Draft Returned by Thoughtful Thief.

What the thief couldn't use he sent back in the case of George M. Reed and his pocketbook. Reed, a traveler from Monticello, Ill., lost his pocketbook on the train near Valentine, Texas. That occurred Wednesday.

J. E. Monroe, El Paso city ticket agent for the G. H. & S. A., Thursday afternoon received a package containing Reed's ticket and two drafts to the value of \$100. All was returned but the pocketbook itself, \$150 in drafts and \$10 in cash.

MORE ROOM NEEDED FOR CHRISTMAS MAIL

Such a rush is expected at the El Paso postoffice during the coming holidays that the department at Washington has been asked to permit the local authorities to rent a store room on San Francisco street to be used as auxiliary to the local postoffice. The present office is already too small and even with the addition of the mezzanine floor may not be large enough for handling the mail.

The postoffice, and in fact the federal building throughout, is too dark. For this reason the department at Washington has been requested to permit the local authorities to install Tungsten lamps instead of the 16 candle power incandescent lamps now in use throughout the building.
